BRANCH POSTOFFICE INCREASED BUSINESS

ANOTHER CARRIER WILL BE ADDED TO THE FORCE OCT. 1.

Nearly \$3,000 Worth of Business Was Transacted at the Office During the Month of August—Arrival and Departure of Mails—Several Funerals Announced for Today—Miss Pitcher Going South. News of the Churches and Other Notes of Interest.

The West Scranton postoffice has, in the short time it has been opened, proven to be a much-needed addition to this busy section of the city, and it might surprise many to learn that nearly \$3,000 worth of business was transacted at the office during the month of August.

At the present there are six carriers in the office, one superintendent, and one clerk, and there has been such an increase in the volume of business that another carrier will be added on October 1. Five mails are received and five sent out every day, as follows: Received—6.56, 11.10 a. m., 2.45 and 7 p. m.; sent out—8.30, 11.30 a. m., 1.43 and 7.50 p. m. There is also an additional collection by the night carrier along Main avenue between 8 and 9 p. m.

One of the many advantages afforded through the office is that money orders drawn on the central city office will be cashed at the branch office when the order is properly certified to and the holder has been identified. A number of private boxes have been rented, which adds to the revenue of the office. The location is at 1110 Jackson street, which is convenient for residents in every section of West Scranton.

In what way will it benefit our city? What are its aims, results, etc.?"

All this will be answered satisfactorily Sunday evening at the Simpson Methodist Episcopal church. You are invited to be present.

passed under the wire on the first circle of track. Mabel W. was about a length in front of Mabel W. O. Bradley being eight lengths away. Mabel W. kept the lead all the rest of the way around until within fifty yards of the finish when Mabel W. did up to her and beat her out by a length for the heat. The three-quarters was made in 1.47 and the mile in the good time of 2.24.

Third heat—The horses made a good start the first time. The quarter was made in 36 seconds, the half in 1.12, and the mile in 2.24. Mabel W. closed at hand, the time for the three-quarters was 1.49 and Mabel W. in a walk in 2.30. Mabel W. had a down length behind and W. O. Bradley still further away.

Fourth heat—The line-up for the first time was not perfect, but Starter Kelley said "Go!" and they went. The time for the quarter was 36 seconds, the half in 1.12, and the mile in 2.24. Mabel W. closed at hand, the time for the three-quarters was 1.49 and Mabel W. in a walk in 2.30. Mabel W. had a down length behind and W. O. Bradley still further away.

Between heats of the two trotting events Japanese daylight fireworks were displayed on the lawn inside the course, and after the contests had been decided, the balloon ascension took place. Dr. G. P. Sawyer, of Pleasantville, was the pilot of the place of the regular ascension, who could not be found, and made the flight in safety, going up about 2,000 feet. He landed on the race track. He was enthusiastically cheered and his hand was shaken by many hundreds.

The exhibition hall took on a barren look in the afternoon, the competitors taking away their prizes and unprized articles. The whole event has been a success, financially and otherwise, and the directors and officers deserve credit for their efforts to please the public.
